

# **EDITOR-IN-CHIEF**

## **Molecular & Cellular Proteomics**

The American Society for Biochemistry and Molecular Biology welcomes nominations and applications for the position of editor-in-chief of Molecular & Cellular Proteomics.

MCP publishes original research that makes a substantial contribution to the understanding of any area of proteomics. The next editor-in-chief should be a public-facing thought leader, a committed advocate for authors and readers, a leader who listens and delegates, and an active researcher of significant accomplishment.

### **Candidates should possess:**

- Expert knowledge of mass spectrometry and proteomics
- Strategic planning experience
- A commitment to publishing the very best science
- An appreciation for data-driven decision-making
- The ability and desire to recruit outstanding scientists to serve as contributors, associate editors and editorial board members
- A willingness to provide sustained and consistent editorial direction
- Proven interpersonal, communication, leadership and coalition-building skills
- Scientific editorial experience

### **The editor-in-chief will:**

- Provide visionary strategic editorial direction that continuously improves the Journal's stature
- Act as the steward of the quality of the journal's scientific content
- Engage with ASBMB senior management and elected leadership
- Establish and refine journal policies and editorial guidelines
- Lead inclusive, productive meetings for board members and associate editors
- Respond to media requests and actively participate on social media
- Cooperate with ASBMB journal staff
- Represent the journal at meetings and other venues
- Write quarterly (or more frequent) editorials

The editor-in-chief will serve a five-year term, with the possibility of reappointment, beginning January 1, 2024. ASBMB will provide administrative support and a stipend.

A search committee appointed by the president of ASBMB will review nominations and applications. Nominations and applications will be reviewed until the position is filled.
